RE: Kohlts roof
Centennial, CO 80121

Note of appreciation (please share this with the crew).

Hello.

I wanted to let you know how much I appreciated the crew that put my roof on. I spoke to almost every one of the guys and each one had a positive spirit.

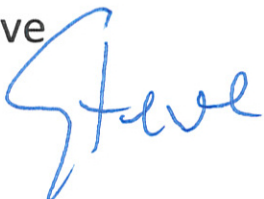

From my perspective, they worked well together, seemed to enjoy each other and worked efficiently.

One personality that stood out was Richard... he made me laugh on a couple occasions and was very approachable (I wish him well).

I offered the crew popsicles and was happy that they accepted... I wish I could have offered more.

GREAT JOB guys...! Enjoy your summer.
